

## **Bail Out Rope Risk Assessment**

**# A-091**

**Date: 4-30-2010**

Ninety-eight percent (98%) of our town are single dwelling homes.

We have one (1) building which is a four (4) story building.

All egresses conform to state standards in regards to stairwells and balconies.

All Interior firefighters have been equipped with carabineers and rope and have received training on how to use the equipment.
